

Order Form

Dr. Wolfgang Lechthaler

eutaxa – Technisches Büro für Biologie
Brunnengasse 76/22
A-1160 Wien

I would like to order the following products

	Number of CDs (1x-licenses)	Number of Copy-Protection-Keys*
Culicidae 2005		
Simuliidae 2005		
Trichoptera 2005		

*

Please note that eutaxa programs do not work without a Copy-Protection-Key (connected to one of the USB ports on the PC). A variable number of eutaxa programs installed on one PC can be run with a single Protection Key. For example, when ordering the products Culicidae 05 and Simuliidae 05 to install both products on one PC, only a single Protection Key is required. To run both products on different PCs a second Protection Key is needed.
When ordering more than two eutaxa products at the same time (irrespective of the number and combination) you will get one Protection Key gratis.

Please send the ordered products and the bill to the following address:
